JOHN W. DEAN, Counsel to the President, was contacted at his office at the Executive Office of the President. Upon arrival at this office his attorney, CHARLES M. SHAFFER whose office is located at 1250 Connecticut Avenue, N.W., Washington, D. C., was present. Mr. SHAFFER requested that he be present during the interview of Mr. DEAN.

It was explained to Mr. DEAN that this interview was being conducted at the specific request of the Department of Justice. It was pointed out that information had been received alleging that on an unspecified date G. GORDON LIDDY and E. HOWARD HUNT had burglarized the offices of an unnamed psychiatrist engaged by DANIEL ELLSBERG, apparently to secure information from the psychiatrist's files relating to ELLSBERG.

Mr. DEAN was advised the purpose of this interview was to determine any facts known to him concerning this alleged burglary.

At this juncture attorney SHAFFER interjected that just prior to the time of this interview he had read a public news report that U.S. District Court Judge MATT BYRNE, who is presiding in the "Pentagon Papers" trial in Los Angeles, California, had read in open court a memorandum prepared by Assistant U.S. Attorney EARL J. SILBERT. This memorandum revealed that information had been received that GORDON LIDDY and HOWARD HUNT had burglarized the offices of a psychiatrist for DANIEL ELLSBERG.

Mr. SHAFFER then stated that as his attorney he was advising his client, JOHN W. DEAN, to say nothing concerning this matter. Mr. DEAN remained mute. This interview was thereupon terminated.

JOHN D. ~~HERLICHMAN~~, Adviser to the President, was contacted in his office at the Executive Office of the President.

It was explained to Mr. ~~HERLICHMAN~~ that this interview was being conducted at the specific request of the Justice Department. He was told that information had been received alleging that on an unspecified date the offices of an unnamed psychiatrist retained by DANIEL ELLSBERG, had been burglarized apparently to secure information relating to ELLSBERG. Mr. ~~HERLICHMAN~~ was advised the purpose of this interview was to learn what knowledge he might have concerning this alleged burglary.

Mr. ~~HERLICHMAN~~ recalled that sometime in 1971, the President had expressed interest in the problem of unauthorized disclosures of classified government information and asked him to make inquiries independent of concurrent FBI investigation which had been made relating to the leak of the Pentagon Papers. Mr. ~~HERLICHMAN~~ assumed this responsibility and was assisted in this endeavor by EGIL KROGH, a White House assistant, and DAVID YOUNG of the National Security Agency. A decision was made by them to conduct some investigation in the Pentagon Papers leak matter "directly out of the White House." G. GORDON LIDDY and E. HOWARD HUNT were "designated to conduct this investigation."

Mr. ~~HERLICHMAN~~ knew that LIDDY and HUNT conducted investigation in the Washington, D. C. area and during the inquiries were going to the west coast to follow up on leads. There was information available that ELLSBERG had emotional and moral problems and LIDDY and HUNT sought to determine full facts relating to these conduct traits. HUNT endeavored to

prepare a "psychiatric profile" relating to ELLSBERG. The efforts of LIDDY and HUNT were directed toward an "in depth investigation of ELLSBERG to determine his habits, mental attitudes, motives etc."

Although Mr. EHRLICHMAN knew that LIDDY and HUNT had gone to California in connection with the above inquiries being made by them, he was not told that these two individuals had broken into the premises of the psychiatrist for ELLSBERG until after this incident had taken place. Such activity was not authorized by him, he did not know about this burglary until after it had happened, he did "not agree with this method of investigation" and when he learned about the burglary he instructed them "not to do this again."

Mr. EHRLICHMAN does not recall who specifically reported to him about the above-mentioned burglary but it was verbally mentioned to him. He does not know the name of the psychiatrist involved nor the location of this individual. He does not know whose idea it was to commit this burglary. Mr. EHRLICHMAN has no knowledge whether anything was obtained as a result of this activity.

NOTE:

On 4/15/73 John W. Dean, III, of The White House, reportedly furnished information to Principal Assistant U.S. Attorney, Washington, D.C., that G. Gordon Liddy and E. Howard Hunt, defendants in the Watergate case, burglarized the office of Daniel Ellsberg's psychiatrist. Dean, when interviewed and upon the advice of his attorney, declined to furnish any information regarding the burglary. John D. Ehrlichman, of The White House, when interviewed on 4/27/73, advised he knew that Liddy and Hunt conducted some investigation at the request of Egil Krogh, Jr., regarding unauthorized disclosures of classified Government information, including the leak of the "Pentagon Papers." He recalled there was information indicating Ellsberg had emotional and moral problems, and that Liddy and Hunt sought to determine full facts relating to these matters. Their efforts were directed toward an "in depth investigation of Ellsberg to determine his habits, mental attitudes, motives, etc." Ehrlichman knew that Liddy and Hunt had gone to California in connection with these inquiries, and was later told they had broken into the premises of Ellsberg's psychiatrist. He could not recall who reported this information to him. Ehrlichman had no knowledge whether anything was obtained as a result of this activity.

As a result of WFO's interviews of Dean and Ehrlichman, it has recommended interviews of Egil Krogh, Jr., and David Young, both of The White House, and Watergate defendants G. Gordon Liddy and E. Howard Hunt. On 4/30/73 Deputy Assistant Attorney General Kevin T. Maroney advised Department desired these individuals interviewed and further that results of the interviews of Dean and Ehrlichman be furnished Departmental Attorney Nissen.

The burglary of Daniel Ellsberg's psychiatrist's office allegedly occurred between September 3 and September 4, 1971. Enclosed is the result of an interview of [redacted] on July 3, 1972, who was interviewed in connection with this Bureau's investigation of the burglary of the National Democratic Headquarters in Washington, D. C.

It is noted that [redacted] first met E. Howard Hunt and G. Gordon Liddy on September 3, 1971, in connection with their visit to the law offices of Morton Jackson. This information places Hunt and Liddy in Los Angeles on the alleged date of the burglary.

It is the opinion of this Bureau that with the exception of the first three paragraphs of the interview of [redacted] the remaining portions of the interview are not relevant to the matters presently being heard in the Ellsberg trial.

Also enclosed is the result of a telephonic contact by [redacted] with the Los Angeles FBI Office on December 9, 1972. On this occasion, [redacted] reported that she would not testify regarding the information she had previously provided.

In view of the above, it is recommended that the enclosed interview report forms, if turned over to U. S. District Court Judge W. Matt Byrne, Jr., be inspected by him "in camera." In the event these

interview report forms are released to the Ellsberg defense, it is suggested that Judge Byrne be requested to issue a Protective Order relating to these documents and that all of the material set forth in the interview of [REDACTED] on July 3, 1972, be excised with the exception of the first three paragraphs.

[REDACTED]

Of possible additional interest in the placing of G. Gordon Liddy in the Los Angeles area during the pertinent period, the results of an interview of [REDACTED] are also enclosed.

Enclosures - 3

NOTE:

The enclosures setting forth interviews of [REDACTED] are being furnished the Department in connection with current inquiries being made relative to the alleged burglary of the offices of Daniel Ellsberg's psychiatrist. The information was obtained in connection with the Watergate case and places Hunt and Liddy in Los Angeles during the pertinent period. The interview of 7/3/72 with the exception of the first three paragraphs deals with [REDACTED] association with Hunt and Liddy on occasions not related to the Ellsberg investigation and therefore is irrelevant. The enclosure regarding interview of [REDACTED] could be of possible additional interest to the Department as indicated in instant letter.

McLek is code name for investigation involving Daniel Ellsberg and Anthony J. Russo, Jr., currently being tried in Los Angeles, California, for violations of espionage statute and theft of Government property. Following is to record telephone call to SA [redacted] from Deputy Assistant Attorney General, Criminal Division, Kevin T. Maroney:

Maroney advised information had been received by Assistant Attorney General Henry E. Petersen from a source unknown to Maroney that G. Gordon Liddy and E. Howard Hunt, defendants in the Watergate case, had allegedly burglarized the offices of Daniel Ellsberg's [redacted]

Maroney inquired whether FBI had any knowledge of such activities and/or whether any lead material was furnished the FBI in connection with the Ellsberg investigation which could have emanated from such activity. Maroney was assured that the FBI had no knowledge and no such lead material was furnished to FBI by anyone.

As a matter of background, [redacted] was identified early in the Ellsberg investigation by [redacted] as an individual who had been seeing Ellsberg professionally because of personal problems involving the Vietnam War. [redacted] alleged that [redacted] told him Ellsberg was attempting to peddle a classified document to the "Grove Press" and the "New York Times" in New York City, which document concerned United States policies and involvement in Vietnam.

We interviewed [redacted] during 4/71; however, MME 8 1973 declined to furnish any information based on the fact that discussions between him and Ellsberg were privileged communications.

McLek is code name for case involving Daniel Ellsberg; Et Al, currently being tried in Los Angeles, California, for Espionage and Theft of Government Property. In connection with an allegation that G. Gordon Liddy and E. Howard Hunt burglarized the offices of Ellsberg's psychiatrist, the Attorney General (AG) has requested interviews of John D. Ehrlichman and John Dean of The White House.

Attached are three Department memoranda indicating that Earl J. Silbert, Principal Assistant U.S. Attorney, Washington, D.C., received information on 4/15/73 that on an unspecified date, Liddy and Hunt (defendants in the Watergate case) burglarized the offices of Ellsberg's psychiatrist to obtain files related to Ellsberg. Deputy Assistant AG, Criminal Division, Kevin T. Maroney, advised this date that Silbert's source was John Dean. Attached memorandum, dated 4/18/73, sets forth information to the effect that Departmental Attorney John L. Martin, who handles the Ellsberg case for the Department, and SA James R. Wagoner, who supervises the FBI investigation, have no knowledge of the alleged burglary or any information developed in the Ellsberg case which could have emanated from such a source. SA Wagoner's assurances to the Department in this regard were set forth in memorandum F. S. Putman to Mr. E. S. Miller, dated 4/18/73 (attached). *Detached*

Attached memorandum, dated 4/25/73, from the AG instructs that allegation be immediately disclosed to the Judge and Counsel of the Ellsberg trial.

In order for the Government to be in a position to handle any forthcoming motions by the Ellsberg defense relative to this disclosure, the AG has requested that

Dean and Ehrlichman be interviewed in an effort to obtain details of the alleged burglary, as well as any information in their possession as to other illegal activities by Liddy and his associates not connected with the Watergate case.

As a matter of background, subsequent to the institution of investigation of Ellsberg, three other unauthorized disclosures of classified information became of interest to The White House. They involved information

[REDACTED]

Results of our investigation in all of these cases were furnished to the Honorable H. R. Haldeman and the Honorable Egil Krogh, Jr., at The White House. During this same period, President Nixon advised former Director J. Edgar Hoover (7/29/71) that he had directed Egil Krogh to examine, in depth, the circumstances of the many recent disclosures of top secret and sensitive material to the public. G. Gordon Liddy assisted Egil Krogh in the assignment given by the President. If the allegation of Dean is accurate, Liddy's and Hunt's activities would have probably been in connection with efforts to identify persons leaking classified information.

On 4/26/73 Kevin T. Maroney, Deputy Assistant AG, Criminal Division, and Departmental Attorney John L. Martin contacted Assistant Director E. S. Miller to convey the AG's request that Ehrlichman and Dean be interviewed.

RECOMMENDATION:

In the event interviews of Dean and Ehrlichman are approved, it is recommended that the interviews be conducted by Agents not involved in the Watergate case since Agents handling the Watergate case may be required to testify at the Watergate hearings. It is further recommended Agents fully familiar with the aforementioned leak cases be utilized since knowledge of these cases could be of assistance in connection with the interviews.

ACTION:

Approved Jim 4/26 5:51 P Use senior, mature experienced Agents.

If approved, Dean and Ehrlichman will be interviewed in accordance with the above, and Agents handling interview will be orally briefed by the Intelligence Division.

INFORMATIVE NOTE

Date

4/30/73

Attached Department letter requests additional investigation of alleged burglary of office of Daniel Ellsberg's psychiatrist, who has been identified in the press as Dr. Lewis J. Fielding.

Prior information from Department identified John W. Dean, III, of The White House as being source of allegation that G. Gordon Liddy and E. Howard Hunt perpetrated burglary. WFO has interviewed Dean, who refused to discuss matter.

We previously attempted to interview Fielding in 7/71 in connection with the Ellsberg investigation; however, through his attorney, Harry Swerdlow, he declined to even admit Ellsberg was a patient.

Also attached is teletype instructing Los Angeles to interview Fielding and logical sources to obtain details of burglary. Teletype also instructs Phoenix to locate and interview former Assistant Attorney General Robert C. Mardian for any information in his possession.

Attn: Identification Division
Latent Fingerprint Section

Re Los Angeles nitel dated 4/30/73.

Enclosed in an envelope marked "Evidence" is a card bearing actual latent fingerprints found at the scene of a burglary in the office of Dr. LEWIS J. FIELDING, Beverly Hills, California, on 9/3/71 or 9/4/71.

The above fingerprint was found on a bottle containing vitamin pills, which was strewn on the floor of Dr. FIELDING's office following a burglary which occurred sometime between the nighttime hours of 9/3/71 and 9/4/71. The fingerprint was lifted by the Beverly Hills Police Department during the course of their investigation and was turned over to the FBI on 4/30/73. Dr. FIELDING is ELLSBERG's psychiatrist and it has been alleged that his office was burglarized by the Watergate individuals, LIDDY and HUNT. A janitor on the premises has stated that two white male individuals speaking English with a Cuban accent approached him at 10:00 a.m. on 9/3/71 and were allowed by him to leave a package at Dr. FIELDING's office. The break-in apparently occurred sometime after these individuals departed the premises.

In connection with the request of U.S. District Court Judge W. Matt Byrne, Jr., who is hearing the Ellsberg case in Los Angeles that the inventory of material found in the White House office of E. Howard Hunt, Jr., be turned over to him, I had a call from Deputy Assistant Attorney General Kevin Maroney at 9:05 this morning. Maroney said that late yesterday afternoon he talked with Earl J. Silbert, prosecuting attorney in the Watergate case, who said that he thought there would be no problem in getting clearance from Chief U.S. District Judge John J. Sirica to release a copy of the inventory, which is now in evidence in the Watergate case.

It was pointed out to Mr. Maroney that the inventory as originally compiled was general in nature; for example, one item listed is "one tan folder marked 'Ellsberg' containing numerous papers concerning one Daniel Ellsberg." In view of this it was felt that a more thorough inventory appeared necessary and it was suggested that Agents of our Washington Field Office be permitted to compile a supplemental inventory explaining the contents of folders and envelopes which had been described in such general terms. Mr. Maroney authorized our Agents to discuss this aspect of the matter with Mr. Silbert in order that the latter could secure permission from Judge Sirica to review pertinent items among the material being held as evidence by the U.S. District Court in Washington in the Watergate case.

At 9:30 a.m., in the absence of SAC McDermott, Supervisor of Washington Field Office was advised of my discussion with Mr. Maroney and instructed to have Agents contact Mr. Silbert immediately for the purpose of: (1) securing permission of Judge Sirica to furnish the general inventory to Judge Byrne, and (2) examining pertinent items among the material being held as evidence in the Watergate case for the purpose of compiling a supplemental inventory for delivery to Judge Byrne.

NOTE:

On 4/15/73 John W. Dean, III, of The White House, reportedly furnished information to Principal Assistant U.S. Attorney, Washington, D.C., that G. Gordon Liddy and E. Howard Hunt, defendants in the Watergate case, burglarized the office of Daniel Ellsberg's psychiatrist. Dean, when interviewed and upon the advice of his attorney, declined to furnish any information regarding the burglary. John D. Ehrlichman, of The White House, when interviewed on 4/27/73, advised he knew that Liddy and Hunt conducted some investigation at the request of Egil Krogh, Jr., regarding unauthorized disclosures of classified Government information, including the leak of the "Pentagon Papers." He recalled there was information indicating Ellsberg had emotional and moral problems, and that Liddy and Hunt sought to determine full facts relating to these matters. Their efforts were directed toward an "in depth investigation of Ellsberg to determine his habits, mental attitudes, motives, etc." Ehrlichman knew that Liddy and Hunt had gone to California in connection with these inquiries, and was later told they had broken into the premises of Ellsberg's psychiatrist. He could not recall who reported this information to him. Ehrlichman had no knowledge whether anything was obtained as a result of this activity.

As a result of WFO's interviews of Dean and Ehrlichman, it has recommended interviews of Egil Krogh, Jr., and David Young, both of The White House, and Watergate defendants G. Gordon Liddy and E. Howard Hunt. On 4/30/73 Deputy Assistant Attorney General Kevin T. Maroney advised Department desired these individuals interviewed and further that results of the interviews of Dean and Ehrlichman be furnished Departmental Attorney Nissen.

The following is a status report with regard to the investigation the FBI has been requested to conduct relating to the alleged burglarizing of the office of the psychiatrist of Daniel Ellsberg in Los Angeles.

McLeK is code name for case involving Daniel Ellsberg and Anthony J. Russo, Jr., who are currently being tried in Los Angeles, California, for Espionage and Theft of Government Property.

On 4/26/73 Deputy Assistant Attorney General (AAG), Criminal Division, Kevin T. Maroney, advised me that on 4/15/73 John W. Dean, III, of The White House, had informed Principal Assistant U.S. Attorney Earl J. Silbert, Washington, D.C., that on an unspecified date, G. Gordon Liddy and E. Howard Hunt, defendants in the Watergate case, had burglarized the offices of Ellsberg's psychiatrist. This psychiatrist was later identified as Dr. Lewis J. Fielding, Beverly Hills, California. Maroney advised that the AG had instructed this allegation be immediately disclosed to the judge and defense counsel of the Ellsberg trial. Maroney also advised that the AG had requested interviews of John D. Ehrlichman and John W. Dean, III.

By letter dated 4/27/73, AAG, Criminal Division, requested Dr. Lewis J. Fielding be interviewed in an effort to verify the burglary, as well as a review of logical police records, and contact with logical sources which could furnish details of the burglary. In addition, it was requested that former AAG Robert C. Mardian, who is now residing in Phoenix, Arizona, be interviewed. On 4/30/73 Mr. Maroney authorized interviews of Egil Krogh, Jr., and David Young, of The White House, as well as Watergate defendants Liddy and Hunt.

On 5/1/73 Mr. Maroney advised that U.S. District Court Judge W. Matt Byrne, Jr., who is hearing the Ellsberg

case, had requested that an inventory of material found in The White House office of E. Howard Hunt be turned over to him. In addition, Judge Byrne requested results of any investigation conducted by The White House concerning the Ellsberg case, the defendants, and/or any members of the defendants' families. In this regard, Maroney requested that Mr. Ehrlichman and Mr. H. R. Haldeman be interviewed to determine if they could furnish information regarding whereabouts of results of such investigations, and in the event they could not, to interview Mr. Bruce Curley (phonetic), the Administrative Officer at The White House.

Interviews of Ehrlichman and Dean have been completed and results furnished the Department, as well as Judge Byrne, who, according to today's press, released same to Ellsberg's defense attorneys.

Washington Field Office (WFO) Agents have an appointment to interview Hunt in the presence of his attorney at 4:30 PM, today, subsequent to which they will interview Liddy, Krogh, and Young. WFO Agents, with the authority of Chief U.S. District Judge John J. Sirica, are reviewing evidence obtained in the Watergate case from the office of E. Howard Hunt relative to the alleged burglary of Dr. Fielding's office.

At 4:00 PM, today, Agents had appointments with Haldeman and Ehrlichman in the office of their attorney, John Wilson, 815 15th Street, Northwest, Washington, D.C., for the purpose of locating any White House investigation of the Ellsberg case, defendants, and/or any members of their families. Los Angeles Office has been authorized, with the concurrence of the Department, to furnish results of interview of former AAG Mardian to Departmental Attorney David Nissen handling Ellsberg trial for delivery to Judge Byrne. Mardian denied that he acquired any knowledge of the alleged burglary while AAG. He declined to furnish any additional information, claiming client privilege, but stated he would be willing to explain more fully in in camera proceedings.

Attached are copies of communications requesting aforementioned investigation.

SUBJECT: Daniel Ellsberg Prosecution

This is to inform you that on Sunday, April 15, 1973, I received information that at a date unspecified, Gordon Liddy and Edward West burglarized the offices of a psychiatrist of Daniel Ellsberg to obtain the psychiatrist's files relating to Ellsberg. The source of the information did not know whether the files had any material information or whether any of the information or even the fact of the burglary had been communicated to anyone associated with the prosecution.

He said he had talked to the psychiatrist today and that the psychiatrist was unaware that a burglary had taken place."

21 I, LEWIS J. FIELDING, being duly sworn depose and say:
22 I am a psychiatrist licensed to practice medicine in
23 the State of New York in 1937 and in the State of California in
24 1949. My office is located at 450 North Bedford, Beverly Hills,
25 California.

26 I am and have been since 1938 a psychiatrist; since
27 1949 I have specialized in psychoanalysis. I am certified in
28 both psychiatry and neurology. I am a member of the American
29 Psychiatric Association, the American Psychoanalytical Association,
30 the American Medical Association and other professional
31 organizations.

32 For some time prior to July, 1971, Dr. Ellsberg was

Fielding's
statement

1 one of my patients.

2 On July 20, 1971, at approximately 10:30 a.m. there
3 was a knock on the door of my office leading from the waiting
4 room to the consultation room. Upon responding I found two
5 men who stated that they were agents from the Federal Bureau
6 of Investigation and showed me their official identification
7 cards. One of them was Richard C. Kilcourse; the other agent
8 gave his name but I did not take particular notice of it.
9 The agents stated that they wished to talk to me. They advised
10 me that they wished to talk to me about Dr. Ellsberg. I
11 told them that I could not have any discussions with them
12 until I consulted my lawyer. They departed with the understand-
13 ing that I would telephone Mr. Kilcourse to advise him of my
14 decision.

15 On July 22, 1971, after consultation with my attorney,
16 I decided that I should not discuss my patient or his affairs
17 and asked my attorney to so advise Mr. Kilcourse.

18 On July 26, 1971, I received a telephone call from a
19 Mr. Morehead, who described himself as an F.B.I. agent. I
20 believe, although I am not positive, that he was the agent
21 who accompanied Mr. Kilcourse on the July 20, 1971 visit with
22 me. Mr. Morehead asked me what decision I had reached with
23 respect to the agents' request of July 20, 1971 for a discus-
24 sion with me about my patient. I told him that my attorney
25 had contacted Mr. Kilcourse concerning my decision. Mr.
26 Morehead then told me that Mr. Kilcourse was no longer on
27 the case. Accordingly, I gave Mr. Morehead my attorney's
28 name and telephone number and I am advised that Mr. Morehead
29 or some other representative of the F.B.I. communicated with
30 my attorney and was told of my decision.

31 On Saturday, September 4, 1971 at approximately 9:00 p.m.,
32 during the Labor Day weekend while I was at my home, I was

1 telephoned by Officer Bottleman of the Beverly Hills Police.
2 Department. Officer Bottleman informed me that my office had
3 been broken into and that a police officer was present in
4 my office checking into the matter.

5 I called Mr. Wakeman, the general manager of the build-
6 ing, and he suggested that I come to the building. I drove
7 down to the office with my wife, Elizabeth, and found my
8 papers and records strewn about. A police officer, a Mr.
9 Brickley, Shield #603, of the Beverly Hills Police Department,
10 was present and was checking the office for fingerprints.

11 I observed that the locks on my office doors had been
12 pried open and that the wood part of the door near the lock
13 had been hacked away. I also observed that the locks on my
14 wood cabinet and on my steel filing cabinet behind it had
15 also been pried open and bent completely out of shape. These
16 cabinets contained information and records concerning my
17 patients including Dr. Ellsberg. The files in my cabinet
18 were in considerable disarray. My personal papers, including
19 those pertaining to Dr. Ellsberg, appeared to have been thor-
20 oughly rummaged through.

21 I then learned some of the facts as to the actual break-
22 in from Mr. Efrain Martinez, the cleaning man. He told me the
23 following story in the presence of my wife, Elizabeth, the
24 maintenance superintendent, Mr. J.C. Boone, and Officer Brickley:
25 On the previous night, September 3, while Mr. Martinez was at
26 his night job at about 11:00 p.m. cleaning up the building, two
27 men arrived at the building. Mr. Martinez said that they were
28 wearing uniforms, somewhat like those of a postman or United
29 Parcel Post delivery man and they were carrying a large suitcase.
30 He said that they talked in an accent which he recognized to
31 be Cuban and that he would know such an accent. They told him
32 that they were supposed to deliver the suitcase to me. While Mr.

1 Martinez thought this somewhat unusual, he permitted them to
2 enter my office and believed that they had left the suitcase
3 in my office.

4 I, of course, had made no arrangements for that or
5 any other delivery. I had expected no suitcase and found no
6 suitcase on my arrival at my office in response to the call
7 from Officer Bottleman.

8 As I looked over the office I attempted to do some re-
9 arranging. I could not tell what was missing, although the
10 incoming Saturday mail which was usually neatly stacked on
11 my desk by the cleaning people was not there and never turned
12 up. My wife and I left the office at approximately 10:45 p.m.
13 in considerable distress.

14 I contacted the Beverly Hill's Police Department several
15 weeks later to find out if they had any further information
16 regarding the break-in. I was advised that they did not. With
17 this exception, from the time of the break-in until the present,
18 I have not been contacted by anyone nor have I contacted anyone
19 (with the exception of my counsel whom I spoke with immediately
20 after the weekend of the break-in) regarding this matter until
21 Friday, April 27, 1973.

22 On that day, Dr. Ellsberg telephoned my office and
23 informed me that the Court had informed him of a Government
24 report of a break-in at the office of a psychiatrist of Dr. Ells-
25 berg. I could not speak to Dr. Ellsberg in any detail at
26 that time since I was with a patient. Later that day when Dr.
27 Ellsberg telephoned me again, I confirmed the fact of the break-
28 in.

29 The next day I received a telephone call from Dr. Ellsberg
30 and his counsel, Leonard B. Boudin. Mr. Boudin requested a
31 meeting with me and such a meeting occurred in my attorney's
32 office on Saturday afternoon, April 28, 1973. The meeting was

1 attended by my attorneys, Harry B. Sverdlow and Irving A.
2 Shimer, Mr. Boudin, Dr. Ellsberg and myself at which time I
3 related the foregoing facts.

Mr. IRVING SHIMER, who identified himself as an attorney representing Dr. LEWIS J. FIELDING, telephonically advised that the request of [REDACTED] to speak to Dr. FIELDING had been referred to his office. He stated he is connected with the law firm of Swerdlow, Glikbarg and Shimer, United California Bank Building, Suite 544, Wilshire and Camden, Beverly Hills.

Mr. SHIMER was advised that at the request of the Attorney General, the FBI was conducting an investigation to resolve a report that G. GORDON LIDDY and E. HOWARD HUNT, JR. had burglarized the office of Dr. DANIEL ELLSBERG's psychiatrist on an unspecified date.

Mr. SHIMER advised that Dr. FIELDING's office had been burglarized over the Labor Day weekend, 1971, and that Dr. FIELDING had given full information concerning the burglary in an affidavit to Dr. ELLSBERG's defense attorneys. In addition, Mr. SHIMER stated that the Beverly Hills Police Department had made a complete investigation of the burglary at the time it occurred which included an interview of Dr. FIELDING at that time.

Mr. SHIMER was advised that the FBI was deeply interested in speaking directly with Dr. FIELDING for any other recollections he may have of the robbery or any other suspicions he may have of other burglaries of his office. Mr. SHIMER was advised that a news article in the April 30, 1973, edition of the "Los Angeles Herald Examiner" had stated that one ELMER DAVIS had been arrested and convicted for the burglary of Dr. FIELDING's office. Mr. SHIMER stated that Dr. FIELDING had never been advised of that arrest by Beverly Hills Police Department.

Mr. SHIMER concluded by stating that he would contact Dr. FIELDING and try to arrange an early interview of Dr. FIELDING with the FBI.

Attorney IRVING SHIMER representing Dr. LEWIS J. FIELDING, was telephonically contacted at 9:00a.m. and was requested to advise if he was able to arrange an interview of Dr. FIELDING by the FBI.

Mr. SHIMER advised that Dr. FIELDING has been besieged by telephone calls and requests for interviews since the news of the burglary of his office became known and is very harassed. Mr. SHIMER stated that Dr. FIELDING has really nothing further to add to facts surrounding the burglary other than what he stated in his affidavit to Dr. ELLSBERG's defense attorneys and to the Beverly Hills Police Department.

Mr. SHIMER was again advised that the FBI would like to speak personally with Dr. FIELDING in an effort to learn from Dr. FIELDING any minute details he may have not reported or any suspicion he may have of possibility of other break-ins of his office. Mr. SHIMER stated that Dr. FIELDING has reported all he knows and Dr. FIELDING has advised him that the Labor Day, 1971, burglary was the only occasion that his office was ever burglarized.

Mr. SHIMER further advised that it is his understanding that Dr. ELLSBERG's defense attorneys are filing additional affidavits on this date from the cleaning people who were in Dr. FIELDING's office building on the night of September 3, 1971. He stated that the original account furnished by one of the cleaning personnel, EFRAIN MARTINEZ, was in error due to language difficulties. Mr. SHIMER stated that apparently MARTINEZ had originally reported that he admitted two individuals into Dr. FIELDING's office during that evening, however it was actually MARTINEZ' mother, who works with him, that admitted these two individuals.

Mr. SHIMER stated that Dr. FIELDING is certain that his office was burglarized with the intent to obtain the file on Dr. ELLSBERG as Dr. ELLSBERG's papers had been removed from his folder. According to Mr. SHIMER, Dr. FIELDING feels

that the other doctor's office that was broken into that night in the same building was done in order to get out of the building as the outer doors are locked and can only be opened from the inside by a key.

Mr. SHIMER emphasized that Dr. FIELDING has told all he knows about the burglary and that further interview of Dr. FIELDING would be unproductive, unnecessary and not desirable by Dr. FIELDING unless absolutely imperative.

[redacted] was advised in English and in Spanish by [redacted] of the identity of the interviewing Agents and the nature of the interview. [redacted] was interviewed in English and Spanish inasmuch as he stated that his English at times was not adequate. [redacted] a white, male, advised he is a resident alien of the United States having entered this country in 1947, but for immigration purposes, his entry into the United States is November 11, 1960. [redacted] furnished the following additional descriptive data concerning himself:

Alien Registration
Number [redacted]
Date of Birth [redacted]
Place of Birth [redacted]
Occupation [redacted]
Present Employer [redacted]

[redacted] voluntarily furnished the following information concerning activity which took place on the nights of September 3 - 4, 1971, at his place of employment:

During 1971 [redacted] was employed as a janitor at two office buildings located at 435 and 450 North Bedford, Beverly Hills, California. On September 3, 1971, he started his work at 6:00p.m. at 435 North Bedford, and subsequently moved over to 450 North Bedford at about 10:30p.m. that evening. Upon entering 450 North Bedford, he noticed the front door was unlocked and open. At this time [redacted] added that each building tenant has a key with which to gain entrance; however, sometimes the door is left unlocked after tenants enter, so he, [redacted] was not concerned at finding the building open. Immediately after entering the building he observed two male individuals walking down the building's back staircase to the second floor to the first floor. As these men saw [redacted] one or both individuals said, "Como Esta?" (How are you?), and [redacted] answered, "Bien" (Well). By speech accent and appearance, [redacted] could tell that these men were not Mexican, but

were either Cuban or Puerto Rican. They passed him in the hall and as they were going out the front door of the building said, "Buenas Noches" (Good night). [REDACTED] observed that these men were carrying nothing. Although [REDACTED] did not get a good look at the two individuals exiting the building, he furnished the following description of the individuals as he best remembers:

Individual Number One:

Sex	Male
Race	White
Age	Approximately 30 years
Height	Approximately 5'8"
Weight	Approximately 170 pounds
Clothing	Black pants and white short-sleeved shirt. Hair and eyes unobserved
Characteristics	Clean-shaven, no glasses and wearing round, black-rimmed hat.

Individual Number Two:

Very closely resembled individual number one.

[REDACTED] did not follow these men out of the building, but because he was curious as to what they might have been doing there, he proceeded upstairs to the second floor where his mother, [REDACTED] approximately 62 years old, who is his helper, was cleaning at Dr. FIELDING's office. [REDACTED] advised that Dr. FIELDING is a psychiatrist [REDACTED] asked his mother what the two men were doing in the building and she advised him that they left a suitcase in Dr. FIELDING's office for the doctor. [REDACTED] was then shown the suitcase by his mother and he described it as being about two and one half feet long by 18" by 14" with a handle on top and very dark blue to almost black in color. [REDACTED] also indicated that the suitcase could possibly have had an approximately three inch wide white vertical line around the middle of the suitcase from top to bottom. The suitcase was left by the men in front of Dr. FIELDING's desk on the floor. Neither [REDACTED] nor his mother examined the contents of the suitcase.

[redacted] advised that while in conversation with his mother she had indicated to him that before he, [redacted] had arrived on the second floor, the two unknown male individuals had knocked on the doctor's office door and stated to [redacted] that they had a suitcase in the hall. However, that they wanted to leave the suitcase for the doctor, and according to [redacted] his mother indicated to the men that they should bring the suitcase inside the office, because it was not safe in the hallway. [redacted] also indicated to her son that the men talked to her in Spanish and that they had told her they were postal employees.

On the evening of September 4, 1971 at about 11:00p.m. [redacted] again entered the building located at 450 North Bedford to do a little clean-up work and to distribute the mail and packages which had arrived for the building tenants that day. [redacted] did not have any mail for Dr. FIELDING, but as he was passing by the doctor's office door, he noticed that the door was broken and in an open condition. [redacted] entered through the office door and approximately five to six feet inside and noticed that the suitcase, which had been delivered the previous night was missing and that the office had been ransacked because there were papers and medicines or pills strewn about the floor. He also noticed that the doctor's file cabinets, which were normally locked, had been opened by force.

At this time [redacted] telephoned his boss, [redacted] of Advance Building Maintenance, and received no response. [redacted] then telephoned [redacted] at home and [redacted] advised to call the Beverly Hills Police Department. [redacted] immediately telephoned the Beverly Hills Police Department and approximately 30 minutes later the police arrive. The police examined Dr. FIELDING's office and checked the office for fingerprints. [redacted] indicated that the police also called Dr. FIELDING and Dr. FIELDING arrived at his office approximately 15 to 30 minutes after the police had arrived.

[redacted] advised that he observed no other suspicious persons in or around the building on the night of September 3-4, 1971. [redacted] also indicated that he had never seen the two unknown male individuals before the evening of September 3, 1971, and he has not seen these individuals since that time.

[REDACTED] was shown a group of photographs to see if any of the individuals were the unknown individuals mentioned above as number one and number two. These photographs included five photographs of individuals associated with the Watergate investigation. [REDACTED] picked out as distant possibilities, the photographs of ANGELO FRANK FIORINI and FRANK CARTER, also known as Bernard L. Barker as one of the individuals who delivered the suitcase. [REDACTED] stated he could not identify these individuals, but the facial features of one of the two unknown men were similar to the facial features of FIORINI and CARTER.

[REDACTED] MARTINEZ, as a janitor in his janitorial work. EFRAIN [REDACTED]

At approximately 6 p.m. on September 3, 1971, she started her work at 435 North Bedford Avenue, Beverly Hills, California. Then approximately 10 p.m. the same evening, she proceeded to 450 North Bedford Avenue (across the street) to work in that building. At approximately 10:05 p.m. the same evening, she started working in the office of a gynecologist on the first floor. Two white men entered the building and saw her in the above office and talked to her. They told her they were employees of the Post Office and wanted to leave a suitcase in Dr. FIELDING's office.

[REDACTED] took the men upstairs to the second floor to Dr. FIELDING's office, opened the office and allowed them to put the suitcase on the floor in front of Dr. FIELDING's desk. Then they all left the office and she closed the door. She then stayed on the second floor distributing mail to the various offices. She noted that the two men left by the back staircase. At about 10:30 p.m., her son EFRAIN came up to the second floor to ask what the two unknown individuals who delivered the suitcase were doing in the Doctor's office. She

Individual Number Two

Race	White
Age	Approximately 50 years
Height	5' 5"

Individual Number Two asked [REDACTED] at what time she left the building. She informed him that she departed after she had finished her work. He said good evening and departed with his partner. He spoke in Spanish.

[REDACTED] was shown photographs of five individuals involved in the Watergate investigation as well as photographs of other similar appearing individuals and stated she could not definitely identify any of the individuals as those who delivered the suitcase to Dr. FIELDING's office. She noted, however, that one of the two individuals, which one she could not recall, appeared to have the same facial features as those indicated in the photograph of [REDACTED]

She saw no suspicious cars or individuals on the evening of September 3, 1971, but added that she goes there to work and does not see much of what happens outside the building.

[REDACTED] advised she did not go to work on Saturday, September 4, 1971. However, on the following Monday, she went back to work and noted that the door to Dr. FIELDING's office was broken. She was unable to furnish any information concerning the break in other than that noted above.

At 9:00p.m. on the evening of April 28, 1973, a man in company with two women, contacted [REDACTED] at his home. The man who had a heavy full red beard, identified himself to [REDACTED] as (first name unknown) PETERSON and that he represented a magazine company. LIDDY, E. HOWARD HUNT and JAMES MC CORD, all associated with the Watergate investigation.

At about 1:00a.m. on the morning of April 30, 1973, a man and two women knocked on the door of [redacted] mother, [redacted] 108 Jessie Street, San Fernando, California. [redacted] did not let these individuals into her home and called the police. A policeman came and advised [redacted] that she could talk to these three individuals because they were investigating something. One woman indicated to [redacted] that she was a lawyer and had a client. [redacted] thinks that the Beverly Hills Police Department gave these three individuals his mother's address in San Fernando. The policeman stayed at [redacted] house and made a police report while [redacted] subsequently let the three individuals into her house and talked to them. [redacted] told these individuals of the activities that took place on the night of September 3, 1971.

[redacted] had also indicated to her son that when the three individuals knocked on the door of her home and Mrs. MARTINEZ told them that she was going to call the police, one of the two women told her not to call the police because she did not want her name in the newspaper.

On the morning of April 30, 1973, at approximately 9:00a.m. a woman identifying herself as a lawyer, called [redacted] and got him out of bed. The woman indicated that she was one of the women that had been to [redacted] mother's house earlier, that morning, and had given [redacted] her business card. This woman told [redacted] that she needed more information than his mother was able to supply and therefore she wanted to talk to him. [redacted] told this woman that he was very tired and had to get some sleep and had no time to talk to the woman and that if she wanted more information concerning the burglary incident that she could call the Beverly Hills Police Department. This woman then advised [redacted] that if he cared to talk at a later time, that his mother had her phone number with which he could contact her.

[redacted] after being advised of the identities of the interviewing Agents, the purpose for the investigation and the nature of the interview by [redacted] in the Spanish language, voluntarily furnished the information set forth below to [redacted] in Spanish:

About 1:00a.m., April 30, 1973, [redacted] was awakened by a knock on her door, and was informed by a Spanish speaking woman that there was a woman attorney with her who wished to speak to her in connection with a case involving one of her clients. She explained that she was an attorney's secretary. [redacted] did not open the door, and informed the individuals that she was going to call the San Fernando Police Department. She was asked not to call the police department because the attorney's name would then appear in the newspapers.

[redacted] called the San Fernando Police Department, and in approximately three minutes, a Spanish-English speaking police officer arrived and informed her that the female attorney was investigating a matter and that it was alright for her to speak to [redacted] and that no harm would come to [redacted] then allowed the police officer, the two women described above, and a young man about 19 years of age who was described to [redacted] as a law student by the Spanish speaking secretary to enter her house. The woman attorney gave [redacted] her business card.

The business card had printed on it, [redacted] at the top, and at the bottom was printed, although crossed out, the following: "Lawyers Military Defense Committee, 203 Tu Do Street, Room 14, Saigon - PTT.24.154"; and in red ink on the card was written "125 W. 4th Street, Suite 612, Los Angeles, 90013, telephone 489-4307".

[redacted] advised [redacted] that she was pleading the case of a doctor (name unrecalled), and wanted to know

about the two men who left a suitcase in Dr. FIELDING's office in September, 1971. While [redacted] was questioning [redacted] through her Puerto Rican secretary, the San Fernando police officer was making out what looked to be a police report. [redacted] then recalled that prior to her allowing the individuals to enter her home, there was an English discussion between the police officer and the others. However, she could not understand them, as she does not understand English.

After [redacted] had asked a number of questions, she asked [redacted] to sign what [redacted] called "documents" concerning the questions that were asked her. [redacted] did not want to sign the documents, but the police officer informed her that she could go ahead and sign them, that would not "hurt her". The officer also stated she should sign the papers like a good citizen. [redacted] then signed the documents. At the outset of the interview of [redacted] by [redacted] asked through her secretary several questions "the men that left the suitcase were Mexicans, weren't they? She answered several times "no, they were either Cuban or Puerto Rican". [redacted] was not shown any photographs to identify.

After [redacted] signed the "documents", which were written out by the Puerto Rican secretary, [redacted] secretary, the young man, and the police officer departed [redacted] home.

[redacted] described the 19 year-old law student mentioned above, as very short, approximately 5' in height, husky, with blond short hair. This man spoke only several words of Spanish, such as good evening. She described the Puerto Rican secretary as probably less than 25 years of age, thin, dark complexion, about 5'2", who she recalls was called by the others as possibly GLORIA or CLARA. [redacted] was described as an American woman about 5'4", thin, approximately 25 years of age, who spoke very little Spanish.

[redacted] has not discussed the suitcase in Dr. FIELDING's office or the break-in of Dr. FIELDING's office with any other individuals since she was questioned by [redacted]

In accordance with Bureau instructions, supplemental inventory was made on 5/1 and 2/73 of material furnished to SAs of the FBI on 6/26/72 from the office of E. HOWARD HUNT, Room 333, Executive Office Building, Washington, D. C. The supplemental inventory relates to inventories made by [REDACTED]

5 copies of the supplemental inventory are attached. [REDACTED]

[REDACTED] advised that following receipt of the above described material in June, 1972, they reviewed the contents. No material, on the basis of information then known to them, was found which should have been brought to the attention of any court of law dealing with the ELLSBERG case.

It was known that the White House had instructed members of the staff to conduct an independent investigation concerning certain leaks of classified information, the Pentagon Papers being in this category. Thus, the presence of classified material including FBI reports in the office of HUNT was not considered unusual, he being part of the investigative team.

[REDACTED], after being advised of the identities of the interviewing Agents, the purpose for the investigation and the nature of the interview by [REDACTED] in the Spanish language, voluntarily furnished the information set forth below to [REDACTED] in Spanish:

[REDACTED] is a resident alien in the United States whose official name with the United States Immigration and Naturalization Service (INS) is [REDACTED], Vda. [REDACTED] As indicated by her [REDACTED] is a widow. [REDACTED]

[REDACTED] is employed by her son, [REDACTED] as a janitor in his janitorial work. She was working for her son in this capacity in 1971.

At approximately 6 p.m. on September 3, 1971, she started her work at 435 North Bedford Avenue, Beverly Hills, California. Then approximately 10 p.m. the same evening, she proceeded to 450 North Bedford Avenue (across the street) to work in that building. At approximately 10:05 p.m. the same evening, she started working in the office of a gynecologist on the first floor. Two white men entered the building and saw her in the above office and talked to her. They told her they were employees of the Post Office and wanted to leave a suitcase in Dr. FIELDING's office.

[REDACTED] took the men upstairs to the second floor to Dr. FIELDING's office, opened the office and allowed them to put the suitcase on the floor in front of Dr. FIELDING's desk. Then they all left the office and she closed the door. She then stayed on the second floor distributing mail to the various offices. She noted that the two men left by the back staircase. At about 10:30 p.m., her son [REDACTED] came up to the second floor to ask what the two unknown individuals who delivered the suitcase were doing in the Doctor's office. She

then showed her son the suitcase the men had deposited in Dr. FIELDING's office and then closed the office and left. She had never seen the men before September 3, 1971, and has not seen them since that date.

[REDACTED] described the two men with the suitcase as follows:

Individual Number One

Race	White
Height	5' 8"
Weight	Approximately 170 pounds
Age	Approximately 50 years
Clothing	Big black-brimmed hat; black shirt with long sleeves; black pants

LA 105-27952

Individual Number Two asked [REDACTED] at what time she left the building. She informed him that she departed after she had finished her work. He said good evening and departed with his partner. He spoke in Spanish.

[REDACTED] was shown photographs of five individuals involved in the Watergate investigation as well as photographs of other similar appearing individuals and stated she could not definitely identify any of the individuals as those who delivered the suitcase to Dr. FIELDING's office. She noted, however, that one of the two individuals, which one she could not recall, appeared to have the same facial features as those indicated in the photograph of [REDACTED]

She saw no suspicious cars or individuals on the evening of September 3, 1971, but added that she goes there to work and does not see much of what happens outside the building.

[REDACTED] advised she did not go to work on Saturday, September 4, 1971. However, on the following Monday, she went back to work and noted that the door to Dr. FIELDING's office was broken. She was unable to furnish any information concerning the break in other than that noted above.

[redacted] was advised in English and in Spanish by [redacted] of the identity of the interviewing Agents and the nature of the interview. [redacted] was interviewed in English and Spanish inasmuch as he stated that his English at times was not adequate. [redacted] white, male, advised he is a resident alien of the United States having entered this country in 1947, but for immigration purposes his entry into the United States is November 11, 1950. [redacted] furnished the following additional descriptive data concerning himself:

Alien Registration
Number
Date of Birth
Place of Birth
Occupation
Present Employer

[redacted] then voluntarily furnished the following information concerning activity which took place on the nights of September 3 - 4, 1971, at his place of employment:

During 1971 [redacted] was employed as a janitor at two office buildings located at 435 and 450 North Bedford, Beverly Hills, California. On September 3, 1971, he started his work at 6:00p.m. at 435 North Bedford, and subsequently moved over to 450 North Bedford at about 10:30p.m. that evening. Upon entering 450 North Bedford, he noticed the front door was unlocked and open. At this time [redacted] added that each building tenant has a key with which to gain entrance; however, sometimes the door is left unlocked after tenants enter, so he, [redacted] was not concerned at finding the building open. Immediately after entering the building he observed two male individuals walking down the building's back staircase from the second floor to the first floor. As these men saw [redacted] one or both individuals said, "Como Esta?" (How are you?), and [redacted] answered, "Bien" (Well). By speech accent and appearance, [redacted] could tell that these men were not Mexican, but

were either Cuban or Puerto Rican. They passed him in the hall and as they were going out the front door of the building said, "Buenas Noches" (Good night). [redacted] observed that these men were carrying nothing. Although [redacted] did not get a good look at the two individuals exiting the building, he furnished the following description of the individuals as he best remembers:

Individual Number One:

Sex	Male
Race	White
Age	Approximately 30 years
Height	Approximately 5'8"
Weight	Approximately 170 pounds
Clothing	Black pants and white short-sleeved shirt. Hair and eyes unobserved
Characteristics	Clean-shaven, no glasses and wearing round, black-rimmed hat.

Individual Number Two:

Very closely resembled individual number one.

[redacted] did not follow these men out of the building, but because he was curious as to what they might have been doing there, he proceeded upstairs to the second floor where his mother [redacted], approximately 62 years old, who is his helper, was cleaning at Dr. FIELDING's office. [redacted] advised that Dr. FIELDING is a psychiatrist. [redacted] asked his mother what the two men were doing in the building and she advised him that they left a suitcase in Dr. FIELDING's office for the doctor. [redacted] was then shown the suitcase by his mother and he described it as being about two and one half feet long by 18" by 14" with a handle on top and very dark blue to almost black in color. [redacted] also indicated that the suitcase could possibly have had an approximately three inch wide white vertical line around the middle of the suitcase from top to bottom. The suitcase was left by the men in front of Dr. FIELDING's desk on the floor. Neither [redacted] or his mother examined the contents of the suitcase.

[redacted] advised that while in conversation with his mother she had indicated to him that before he, [redacted] had arrived on the second floor, the two unknown male individuals had knocked on the doctor's office door and stated to [redacted] that they had a suitcase for the doctor, and that they wanted to leave the suitcase in the hall. However, according to [redacted], his mother indicated to the men that they should bring the suitcase inside the office, because it was not safe in the hallway. [redacted] also indicated to her son that the men talked to her in Spanish and that they had told her they were postal employees.

On the evening of September 4, 1971 at about 11:00p.m. [redacted] again entered the building located at 450 North Bedford to do a little clean-up work and to distribute the mail and packages which had arrived for the building tenants that day. [redacted] did not have any mail for Dr. FIELDING, but as he was passing by the doctor's office door, he noticed that the door was broken and in an open condition. [redacted] entered through the office door and approximately five to six feet inside and noticed that the suitcase, which had been delivered the previous night was missing and that the office had been ransacked because there were papers and medicines or pills strewn about the floor. He also noticed that the doctor's file cabinets, which were normally locked, had been opened by force.

At this time [redacted] telephoned his boss, Mr. J. C. BOONE of Advance Building Maintenance, and received no response. [redacted] then telephoned Mr. BOONE at home and BOONE advised [redacted] to call the Beverly Hills Police Department. [redacted] immediately telephoned the Beverly Hills Police Department and approximately 30 minutes later the police arrive. The police examined Dr. FIELDING's office and checked the office for fingerprints. [redacted] indicated that the police also called Dr. FIELDING and Dr. FIELDING arrived at his office approximately 15 to 30 minutes after the police had arrived.

[redacted] advised that he observed no other suspicious persons in or around the building on the night of September 3 - 4, 1971. [redacted] also indicated that he had never seen the two unknown male individuals before the evening of September 3, 1971, and he has not seen these individuals since that time.

[REDACTED] was shown a group of photographs to see if any of the individuals were the unknown individuals mentioned above as number one and number two. These photographs included five photographs of individuals associated with the Watergate investigation. [REDACTED] picked out as distant possibilities, the photographs of ANGELO FRANK FIORINI and FRANK CARTER, also known as Bernard L. Barker as one of the individuals who delivered the suitcase. [REDACTED] stated he could not identify these individuals, but the facial features of one of the two unknown men were similar to the facial features of FIORINI and CARTER.

Mr. IRVING SHIMER, who identified himself as an attorney representing Dr. LEWIS J. FIELDING, telephonically advised that the request of [REDACTED] to speak to Dr. FIELDING had been referred to his office. He stated he is connected with the law firm of Swerdlow, Glik-barg and Shimer, United California Bank Building, Suite 544, Wilshire and Camden, Beverly Hills.

Mr. SHIMER was advised that at the request of the Attorney General, the FBI was conducting an investigation to resolve a report that G. GORDON LIDDY and E. HOWARD HUNT, JR. had burglarized the office of Dr. DANIEL ELLSBERG's psychiatrist on an unspecified date.

Mr. SHIMER advised that Dr. FIELDING's office had been burglarized over the Labor Day weekend, 1971, and that Dr. FIELDING had given full information concerning the burglary in an affidavit to Dr. ELLSBERG's defense attorneys. In addition, Mr. SHIMER stated that the Beverly Hills Police Department had made a complete investigation of the burglary at the time it occurred which included an interview of Dr. FIELDING at that time.

Mr. SHIMER was advised that the FBI was deeply interested in speaking directly with Dr. FIELDING for any other recollections he may have of the robbery or any other suspicions he may have of other burglaries of his office. Mr. SHIMER was advised that a news article in the April 30, 1973, edition of the "Los Angeles Herald Examiner" had stated that one [REDACTED] had been arrested and convicted for the burglary of Dr. FIELDING's office. Mr. SHIMER stated that Dr. FIELDING had never been advised of that arrest by Beverly Hills Police Department.

Mr. SHIMER concluded by stating that he would contact Dr. FIELDING and try to arrange an early interview of Dr. FIELDING with the FBI.

1. Attorney IRVING SHIMER representing Dr. LEWIS J. FIELDING, was telephonically contacted at 9:00a.m. and was requested to advise if he was able to arrange an interview of Dr. FIELDING by the FBI.

Mr. SHIMER advised that Dr. FIELDING has been besieged by telephone calls and requests for interviews since the news of the burglary of his office became known and is very harassed. Mr. SHIMER stated that Dr. FIELDING has really nothing further to add to facts surrounding the burglary other than what he stated in his affidavit to Dr. ELLSBERG's defense attorneys and to the Beverly Hills Police Department.

Mr. SHIMER was again advised that the FBI would like to speak personally with Dr. FIELDING in an effort to learn from Dr. FIELDING any minute details he may have not reported or any suspicion he may have of possibility of other break-ins of his office. Mr. SHIMER stated that Dr. FIELDING has reported all he knows and Dr. FIELDING has advised him that the Labor Day, 1971, burglary was the only occasion that his office was ever burglarized.

Mr. SHIMER further advised that it is his understanding that Dr. ELLSBERG's defense attorneys are filing additional affidavits on this date from the cleaning people who were in Dr. FIELDING's office building on the night of September 3, 1971. He stated that the original account furnished by one of the cleaning personnel, [REDACTED], was in error due to language difficulties. Mr. SHIMER stated that apparently MARTINEZ had originally reported that he admitted two individuals into Dr. FIELDING's office during that evening, however it was actually [REDACTED] who works with him, that admitted these two individuals.

Mr. SHIMER stated that Dr. FIELDING is certain that his office was burglarized with the intent to obtain the file on Dr. ELLSBERG as Dr. ELLSBERG's papers had been removed from his folder. According to Mr. SHIMER, Dr. FIELDING feels

that the other doctor's office that was broken into that night in the same building was done in order to get out of the building as the outer doors are locked and can only be opened from the inside by a key.

Mr. SHIER emphasized that Dr. FIELDING has told all he knows about the burglary and that further interview of Dr. FIELDING would be unproductive, unnecessary and not desirable by Dr. FIELDING unless absolutely imperative.

26 I, LEWIS J. FIELDING, being duly sworn depose and say:

27 I am a psychiatrist licensed to practice medicine in
28 the State of New York in 1937 and in the State of California in
29 1949. My office is located at 450 North Bedford, Beverly Hills,
30 California.

31 I am and have been since 1938 a psychiatrist; since
32 1949 I have specialized in psychoanalysis. I am certified in
both psychiatry and neurology. I am a member of the American
Psychiatric Association, the American Psychoanalytical Association,
the American Medical Association and other professional
organizations.

For some time prior to July, 1971, Dr. Ellsberg was

1 one my patients.

2 On July 20, 1971, at approximately 10:30 a.m. there
3 was a knock on the door of my office leading from the waiting
4 room to the consultation room. Upon responding I found two
5 men who stated that they were agents from the Federal Bureau
6 of Investigation and showed me their official identification
7 cards. One of them was Richard C. Kilcourse; the other agent
8 gave his name but I did not take particular notice of it.
9 The agents stated that they wished to talk to me. They advised
10 me that they wished to talk to me about Dr. Ellsberg. I
11 told them that I could not have any discussions with them
12 until I consulted my lawyer. They departed with the understand-
13 ing that I would telephone Mr. Kilcourse to advise him of my
14 decision.

15 On July 22, 1971, after consultation with my attorney,
16 I decided that I should not discuss my patient or his affairs
17 and asked my attorney to so advise Mr. Kilcourse.

18 On July 26, 1971, I received a telephone call from a
19 Mr. Morehead, who described himself as an F.B.I. agent. I
20 believe, although I am not positive, that he was the agent
21 who accompanied Mr. Kilcourse on the July 20, 1971 visit with
22 me. Mr. Morehead asked me what decision I had reached with
23 respect to the agents' request of July 20, 1971 for a discus-
24 sion with me about my patient. I told him that my attorney
25 had contacted Mr. Kilcourse concerning my decision. Mr.
26 Morehead then told me that Mr. Kilcourse was no longer on
27 the case. Accordingly, I gave Mr. Morehead my attorney's
28 name and telephone number and I am advised that Mr. Morehead
29 or some other representative of the F.B.I. communicated with
30 my attorney and was told of my decision.

31 On Saturday, September 4, 1971 at approximately 9:00 p.m.,
32 during the Labor Day weekend while I was at my home, I was

1 telephoned by Officer Bottleman of the Beverly Hills Police
2 Department. Officer Bottleman informed me that my office had
3 been broken into and that a police officer was present in
4 my office checking into the matter.

5 I called Mr. Wakeman, the general manager of the build-
6 ing, and he suggested that I come to the building. I drove
7 down to the office with my wife, Elizabeth, and found my
8 papers and records strewn about. A police officer, a Mr.
9 Brickley, Shield #603, of the Beverly Hills Police Department,
10 was present and was checking the office for fingerprints.

11 I observed that the locks on my office doors had been
12 pried open and that the wood part of the door near the lock
13 had been hacked away. I also observed that the locks on my
14 wood cabinet and on my steel filing cabinet behind it had
15 also been pried open and bent completely out of shape. These
16 cabinets contained information and records concerning my
17 patients including Dr. Ellsberg. The files in my cabinet
18 were in considerable disarray. My personal papers, including
19 those pertaining to Dr. Ellsberg, appeared to have been thor-
20 oughly rummaged through.

21 I then learned some of the facts as to the actual break-
22 in from Mr. Efraim Martinez, the cleaning man. He told me the
23 following story in the presence of my wife, Elizabeth, the
24 maintenance superintendent, Mr. J.C. Boone, and Officer Brickley:
25 On the previous night, September 3, while Mr. Martinez was at
26 his night job at about 11:00 p.m. cleaning up the building, two
27 men arrived at the building. Mr. Martinez said that they were
28 wearing uniforms, somewhat like those of a postman or United
29 Parcel Post delivery man and they were carrying a large suitcase.
30 He said that they talked in an accent which he recognized to
31 be Cuban and that he would know such an accent. They told him
32 that they were supposed to deliver the suitcase to me. While Mr.

1 Mar thought this somewhat unusual. He permitted them to
2 enter my office and believed that they had left the suitcase
3 in my office.

4 I, of course, had made no arrangements for that or
5 any other delivery. I had expected no suitcase and found no
6 suitcase on my arrival at my office in response to the call
7 from Officer Bottleson.

8 As I looked over the office I attempted to do some re-
9 arranging. I could not tell what was missing, although the
10 incoming Saturday mail which was usually neatly stacked on
11 my desk by the cleaning people was not there and never turned
12 up. My wife and I left the office at approximately 10:45 p.m.
13 in considerable distress.

14 I contacted the Beverly Hills Police Department several
15 weeks later to find out if they had any further information
16 regarding the break-in. I was advised that they did not. With
17 this exception, from the time of the break-in until the present,
18 I have not been contacted by anyone nor have I contacted anyone
19 (with the exception of my counsel whom I spoke with immediately
20 after the weekend of the break-in) regarding this matter until
21 Friday, April 27, 1973.

22 On that day, Dr. Ellsberg telephoned my office and
23 informed me that the Court had informed him of a Government
24 report of a break-in at the office of a psychiatrist of Dr. Ells-
25 berg. I could not speak to Dr. Ellsberg in any detail at
26 that time since I was with a patient. Later that day when Dr.

FIELDING'S ATTORNEY IRVING SHIMER ADVISED THAT FIELDING TOLD ALL HE KNOWS OF THE BURGLARY IN THE AFFIDAVIT FURNISHED TO THE ELLSBERG DEFENSE ATTORNEYS AND HAS NOTHING FURTHER TO ADD. ELLSBERG CASE

Attached is copy of affidavit filed in U. S. District Court Los Angeles by Dr. Lewis J. Fielding, Daniel Ellsberg's psychiatrist, relative to his office being burglarized.

In addition, there is attached the results of the Los Angeles FBI Office investigation of the alleged burglary subsequent to the filing of the affidavit.

It is noted the police department report shows that a latent fingerprint was recovered by the police at the time the police investigated the burglary. This latent fingerprint has been examined by FBI Latent Fingerprint Section and it was determined that the print is of no value for comparison purposes.

By prior communication the Sacramento FBI Office advised that Elmer Davis, who at one time admitted perpetrating the burglary of Fielding's office, has refused to talk to FBI Agents concerning the matter but indicated he did not recall ever being arrested by the Beverly Hills

EXAMINATION OF LATENT PRINTS FROM OFFICE OF ELLSBERG'S PSYCHIATRIST

As you are aware, this case involves the leaking of confidential Government documents by Daniel Ellsberg.

A card bearing four transparent lifts of latent fingerprints described as being from the office of Doctor Lewis J. Fielding, of Beverly Hills, California, in connection with a burglary on 9/3/71 or 9/4/71, was received in the Identification Division on the evening of 5/1/73, from our Los Angeles Division. Burglary alleged to have been committed by "Watergate" individuals.

Our fingerprint experts have made a careful examination of these prints both from the original lifts and photographs prepared therefrom, and have determined that the fingerprints are too fragmentary to be of value for identification purposes. One, [REDACTED] was arrested by Beverly Hills Police Department on another matter and confessed to this burglary, but later recanted his confession. Beverly Hills Police Department stated that latent prints not identical with fingerprints of [REDACTED]. In view of the nature of this matter, our fingerprint experts have carefully compared the few discernible ridge details appearing in the latent prints with the fingerprints of [REDACTED] arrested by the Beverly Hills Police Department, 10/7/71, on suspicion of burglary, as well as the fingerprints of McCord, Liddy, Hunt and the five Cuban subjects of the "Watergate" case, but cannot match any of the ridge detail.

Intelligence Division has been advised of the result of our examination.

Report will be furnished to Los Angeles.

The following is to confirm the oral request of Deputy Assistant Attorney General Kevin T. Maroney to Inspector W. R. Wannall of this Bureau on May 1, 1973, for the FBI to interview Mr. John D. Ehrlichman, Mr. H. R. Haldeman and Mr. Bruce Kehrli. The purpose of the interviews was to obtain the results of any investigation conducted by The White House concerning the unauthorized disclosure of classified information by Daniel Ellsberg and Anthony J. Russo, Jr., or the results of any investigation conducted of Ellsberg, Russo, and/or any members of their families. The results of these interviews were furnished to Assistant Attorney General (AAG) A. William Olson on May 2, 1973.

In addition, on May 1, 1973, Mr. Maroney requested that the results of the interview of former AAG Robert C. Mardian be furnished directly to the Los Angeles FBI Office which, in turn, would furnish the results of the interview to Departmental Attorney David Nissen, who is handling the Ellsberg trial.

On May 2, 1973, AAG Olson authorized the FBI to interview Charles Colson, former Special Counsel to the President, and Jon Huntsman, former Administrative Officer for The White House, relative to a memorandum dated September 13, 1971, which memorandum apparently concerns expenses incurred by E. Howard Hunt while in Los Angeles, California. The results of these interviews will be furnished the Department upon receipt.

Re Los Angeles nitel dated 4/30/73.

Enclosed in an envelope marked "Evidence" is a card bearing actual latent fingerprints found at the scene of a burglary in the office of Dr. LEWIS J. FIELDING, Beverly Hills, California, on 9/3/71 or 9/4/71.

Call 4/30/73

The above fingerprint was found on a bottle containing vitamin pills, which was strewn on the floor of Dr. FIELDING's office following a burglary which occurred sometime between the nighttime hours of 9/3/71 and 9/4/71. The fingerprint was lifted by the Beverly Hills Police Department during the course of their investigation and was turned over to the FBI on 4/30/73. Dr. FIELDING is ELLSBERG's psychiatrist and it has been alleged that his office was burglarized by the Watergate individuals, LIDDY and HUNT. A janitor on the premises has stated that two white male individuals speaking English with a Cuban accent approached him at 10:00 a.m. on 9/3/71 and were allowed by him to leave a package at Dr. FIELDING's office. The break-in apparently occurred sometime after these individuals departed the premises.

The Identification Division is requested to compare the enclosed latent fingerprints against the known fingerprints of all individuals involved in the trial of the Watergate conspirators, which would include the fingerprints of MC CORD, HUNT, LIDDY, and the five Cuban males who pleaded guilty and were sentenced in that case.

Beverly Hills Police Department on 10/7/71 arrested one [REDACTED] male Negro, born 12/9/27, Leavenworth, Kansas, on another matter. During the course of interviews by the Beverly Hills Police Department, [REDACTED] admitted to the break-in of FIELDING's office, but after incarceration wrote a letter recanting that portion of his confession. Beverly Hills Police Department stated the latent print is not identical to the prints of [REDACTED]. [REDACTED] has a lengthy criminal record. The Identification Division is requested to compare the enclosed latent prints against the known prints of [REDACTED].

After comparison, the latent fingerprints should be returned to the Los Angeles Office for return to the Beverly Hills Police Department.

Attached from Los Angeles reports
interview of [REDACTED]
[REDACTED] and his employee [REDACTED]

[REDACTED] who advised he [REDACTED] E. Howard Hunt for at least one year prior to 6/72, has no recollection of Hunt being in Los Angeles over Labor Day, 1971. He thought he met Hunt in California later that year on occasion when he met G. Gordon Liddy for first time. He checked his desk calendar for 1971, during period one week before and after Labor Day, but there was no entry concerning Hunt for that period. He said that at no time was he ever informed by Hunt that he was involved in any illegal activity. He has no knowledge of Hunt's alleged burglary of Dr. Fielding's office. When asked if Hunt or Liddy had ever requested that he recommend or provide private detective or any other individuals to assist Hunt or Liddy during their visits to West Coast, he answered that that question would fall within area of attorney-client privileges.

[REDACTED] interviewed in [REDACTED] presence, had no recollection that Hunt or Liddy were in Los Angeles area over Labor Day, 1971, or coming to Jackson's office 9/3/71. She said neither Hunt or Liddy told her of any illegal acts on their part. She had no knowledge of their alleged burglary of Ellsberg's psychiatrist's office.

Teletype also reports that at beginning of court session, defense demanded immediate hearing on motion to dismiss based on Judge Byrne's alleged misconduct in meeting with Erhlichman during course of trial regarding the position of FBI Director. Judge Byrne took it under submission. Defense indicated it would not take any active part in further trial proceeding.

After Government witness, Ambassador Philip Habib, testified and defense would not cross-examine, Judge Byrne ruled he would hold hearing on defense motion to dismiss at 2:00 p.m., 5/4/73.

Copies of the attached furnished to Deputy Assistant Attorney General, Criminal Division, Kevin T. Maroney.

Subsequent teletype advised Judge denied motion to dismiss because of his meeting with Erhlichman.

The President desires that the invocation of Executive Privilege be held to a minimum. Specifically:

1. Past and present members of the President's staff questioned by the FBI, Ervin Committee, or a Grand Jury should invoke the privilege only in connection with conversations with the President, conversations among themselves (involving communication with President) and as to Presidential papers. Presidential papers are all documents produced or received by the President or any member of the White House staff in connection with his official duties.
2. Witnesses are restricted from testifying as to matters relating to national security not by executive privilege, but by laws prohibiting the disclosure of classified information (e.g., some of the incidents which gave rise to concern over leaks). The applicability of such laws should therefore be determined by each witness and his own counsel.
3. White House Counsel will not be present at FBI interviews or at the Grand Jury and, therefore, will not invoke the privilege in the first instance. (If a dispute as to privilege arises between a witness and the FBI or the Grand Jury, the matter may be referred to White House Counsel for a statement of the President's position).

ELLSBERG CASE

Attached relates to our attempts to locate Charles Colson, former counsel to the President, for interview in connection with the burglary of the office of Ellsberg's psychiatrist. Attached also sets out results of interview of John Huntsman, former Administrative Officer at the White House.

Colson's attorney, David Shapiro, advised WFO 5/4/73 that Colson was in Boston that day on business. Shapiro said he, himself, has to be in New York City 5/7/73 to appear in court in connection with another case. He stated he would call WFO 5/8/73 regarding the request to interview Colson. Shapiro stated he has 5/3/73 White House guidelines on executive privilege under study and is attempting to determine whether, under terms of these guidelines, he can make his client available for FBI interview.

Huntsman
[redacted] interviewed 5/5/73 by WFO Agents and advised he was employed as Administrative Officer at the White House 2/71 to 2/73. His principal assignment was supervision of flow of Presidential papers, which included all papers going into the President's Office for his attention and all mail coming out of the President's Office. He was responsible

also for approval of payroll and expense matters submitted by White House senior officials. He recalled Colson told him sometime in mid-1971 that a man named Hunt *Huntsman* was coming on the staff as an additional consultant. It was [redacted] understanding Hunt would be working for Colson and on that basis, he would have made reimbursement payments to Hunt on Colson's [redacted] authority. Hunt would not have, himself, submitted claims for reimbursement directly to [redacted] but rather through his superiors *Huntsman*. Huntsman said he assumes Colson told him that since Hunt was White House consultant, normal process for payment of expenses could be followed. A bona fide consultant's fee would be paid, and Huntsman's responsibility was to approve these payments.

Huntsman [redacted] has no recollection of 9/71 request from Colson for reimbursement of Hunt's expenses or any information about particulars of this request or how expenses were incurred. He did not know who the three men were who used Los Angeles hotel. He has never met Hunt and knows nothing about Hunt's duties while Hunt employed by White House. He has no knowledge regarding any investigation conducted on behalf of White House into Pentagon Papers case nor any information regarding alleged burglary of office of Ellsberg's psychiatrist by Hunt and G. Gordon Liddy during course of that investigation. [redacted] could not recall Liddy's name ever coming to his attention as a White House staff member. He said he had no responsibility to determine consultants' roles and no responsibility in policy or operational matters at White House.

(ELLSBERG)

LOS ANGELES (UPI) -- AN INTERVIEW WITH JOHN EHRLICHMAN IN WHICH DISCLOSURE WAS MADE THAT A WHITE HOUSE PROBE OF THE LEAK OF THE PENTAGON PAPERS HAD BEEN ORDERED WAS TURNED OVER TO THE DEFENSE TODAY AT THE TRIAL OF DANIEL ELLSBERG.

THE FULL CONTENTS OF THE TWO-PAGE INTERVIEW WITH EHRLICHMAN--THE ASSISTANT TO PRESIDENT NIXON WHO RESIGNED MONDAY--WERE NOT IMMEDIATELY MADE PUBLIC.

U.S. DISTRICT COURT JUDGE MATT BYRNE REVEALED, HOWEVER, THAT THE DOCUMENT SAID THAT A DECISION WAS MADE TO CONDUCT SUCH AN INQUIRY DIRECTLY OUT OF THE WHITE HOUSE AND THAT HOWARD HUNT AND GORDON LIDDY WERE DIRECTED TO UNDERTAKE THE JOB.

HUNT AND LIDDY ARE CONVICTED CONSPIRATORS IN THE WATERGATE BURGLARY AND WERE NAMED AS THE PERPETRATORS OF ANOTHER BURGLARY OF THE OFFICE OF ELLSBERG'S PSYCHIATRIST.

THE DOCUMENT SAID THE DECISION WAS MADE BY "THEM"--APPARENTLY MEANING EHRLICHMAN AND OTHER UNDISCLOSED PERSONS.

DEFENSE ATTORNEY LEONARD BOUDIN ASKED FOR A RECESS TO DECIDE WHAT ACTION MIGHT BE TAKEN IN VIEW OF THIS "VERY SERIOUS DISCLOSURE".

THE JUDGE ALREADY HAD ORDERED A "BROAD" PROBE INTO GOVERNMENTAL INVESTIGATIONS OF ELLSBERG, AND DIVULGED ON MONDAY THAT HE HIMSELF HAD MET WITH EHRLICHMAN AT THE WESTERN WHITE HOUSE TO DISCUSS A POSSIBLE APPOINTMENT AS DIRECTOR OF THE FBI.

JOHN D. EHRLICHMAN, Adviser to the President, was contacted in his office at the Executive Office of the President.

It was explained to Mr. EHRLICHMAN that this interview was being conducted at the specific request of the Justice Department. He was told that information had been received alleging that on an unspecified date the offices of an unnamed psychiatrist retained by DANIEL ELLSBERG, had been burglarized apparently to secure information relating to ELLSBERG. Mr. EHRLICHMAN was advised the purpose of this interview was to learn what knowledge he might have concerning this alleged burglary.

Mr. EHRLICHMAN recalled that sometime in 1971, the President had expressed interest in the problem of unauthorized disclosures of classified government information and asked him to make inquiries independent of concurrent FBI investigation which had been made relating to the leak of the Pentagon Papers. Mr. EHRLICHMAN assured this responsibility and was assisted in this endeavor by EGIL KROGH, a White House assistant, and DAVID YOUNG of the National Security Agency. A decision was made by them to conduct some investigation in the Pentagon Papers leak matter "directly out of the White House." G. GORDON LIDDY and E. HOWARD HUNT were "designated to conduct this investigation."

Mr. EHRLICHMAN knew that LIDDY and HUNT conducted investigation in the Washington, D. C. area and during the inquiries were going to the west coast to follow up on leads. There was information available that ELLSBERG had emotional and moral problems and LIDDY and HUNT sought to determine all facts relating to these conduct traits. HUNT endeavored to

prepare a "psychiatric profile" relating to ELLSBERG. The efforts of LIDDY and HUNT were directed toward an "in depth investigation of ELLSBERG to determine his habits, mental attitudes, motives etc."

Although Mr. EERLICHMAN knew that LIDDY and HUNT had gone to California in connection with the above inquiries being made by them, he was not told that these two individuals had broken into the premises of the psychiatrist for ELLSBERG until after this incident had taken place. Such activity was not authorized by him, he did not know about this burglary until after it had happened, he did "not agree with this method of investigation" and when he learned about the burglary he instructed them "not to do this again."

Mr. EERLICHMAN does not recall who specifically reported to him about the above-mentioned burglary but it was verbally mentioned to him. He does not know the name of the psychiatrist involved nor the location of this individual. He does not know whose idea it was to commit this burglary. Mr. EERLICHMAN has no knowledge whether anything was obtained as a result of this activity.

JOHN W. DEAN, Counsel to the President, was contacted at his office at the Executive Office of the President. Upon arrival at this office his attorney, CHARLES N. SHAFFER whose office is located at 1250 Connecticut Avenue, N.W., Washington, D. C., was present. Mr. SHAFFER requested that he be present during the interview of Mr. DEAN.

It was explained to Mr. DEAN that this interview was being conducted at the specific request of the Department of Justice. It was pointed out that information had been received alleging that on an unspecified date G. GORDON LIDDY and E. HOWARD HUNT had burglarized the offices of an unnamed psychiatrist engaged by DANIEL ELLSBERG, apparently to secure information from the psychiatrist's files relating to ELLSBERG.

Mr. DEAN was advised the purpose of this interview was to determine any facts known to him concerning this alleged burglary.

At this juncture attorney SHAFFER interjected that just prior to the time of this interview he had read a public news report that U.S. District Court Judge MAIT BIANE, who is presiding in the "Pentagon Papers" trial in Los Angeles, California, had read in open court a memorandum prepared by Assistant U.S. Attorney EARL J. SILBERT. This memorandum revealed that information had been received that GORDON LIDDY and HOWARD HUNT had burglarized the offices of a psychiatrist for DANIEL ELLSBERG.

Mr. SHAFFER then stated that as his attorney he was advising his client, JOHN W. DEAN, to say nothing concerning this matter. Mr. DEAN remained mute. This interview was thereupon terminated.

He was also responsible for approval of payroll and expense matters submitted by White House senior officials. In this latter regard he would have approved the 9/71 request from Charles Colson for reimbursement of E. Howard Hunt's expenses.

It is noted we previously obtained copy of memorandum Colson to Huntsman regarding reimbursement of Hunt's expenses during period of the alleged burglary of the office of Daniel Ellsberg's psychiatrist.

Huntsman stated he had never met Hunt or G. Gordon Liddy and further had no information regarding the basis for Hunt's expense claim or how the expenses were incurred.

Copies of the attached letterhead memorandum have been furnished to Deputy Assistant Attorney General Kevin T. Maroney.

Date 5/5/73ELLSBERG CASEOral report on contact with attorney
of Charles Colson

We have been attempting to interview Colson, former counsel to the President, in connection with the burglary of the office of Ellsberg's psychiatrist.

At 1:10 p.m., 5/5/73, SA [REDACTED] Washington Field Office (WFO) advised that Colson's attorney, David Shapiro, had informed WFO late on the evening of 5/4/73 that Colson was in Boston that day on business. Shapiro advised further that he, himself, has to be in New York City on Monday, 5/7/73 to appear in connection with a case being heard by the Court of Appeals. Shapiro stated he would call WFO on Tuesday, 5/8/73 regarding the prior request to interview Colson. Shapiro stated that the thing that is bothering him is that he has the Presidential guidelines on the use of Executive Privilege under advisement, and he is attempting to determine whether, under the terms of these guidelines, he can make his client available for FBI interview.

SA [REDACTED] WFO, also furnished the results of an interview with [REDACTED] former Administrative Officer at the [REDACTED]

White House, conducted on the morning of Saturday, 5/5/73 at [REDACTED] Bethesda, Maryland, home: (Basis for this interview was [REDACTED] 9/13/71) approval of a request submitted to him by Charles Colson, then counsel to the President, for reimbursement for certain expenses incurred by Howard Hunt. These items included airfare for two people from New York City to Washington, D. C., a dinner check in Miami and a hotel bill in the amount of \$155.90 for three men in Los Angeles).

Huntsman stated he was employed as Administrative Officer at the White House from February, 1971, to February, 1972. His principal assignment during this time was to supervise the flow of Presidential papers, which included all papers going into the President's Office for the attention of the President and all of the papers coming out of the President's Office. Also included among his duties was the assignment of office space at the White House, the determination of White House messhall rights and seating, and the approval of payroll and expense matters submitted by senior officials at the White House.

He stated he recalled that, sometime in mid-1971, Charles Colson called him and told him something to the effect that an additional consultant was coming on the staff, and his name was Hunt.

Huntsman did not recall the terms of Hunt's employment, stating this is available at the White House Personnel Office. It was Huntsman's understanding that Hunt would be working for Colson, and on that basis, Huntsman would have made reimbursement payments to Hunt on Colson's authority. Hunt did not himself have claims for reimbursement submitted directly to Huntsman but through his superiors. Huntsman said he assumes that Colson told him that since Hunt was a consultant to the White House, the normal process for payment of expenses could be followed in Hunt's case. A bona fide consultant's fee would be paid, and it was Huntsman's responsibility to approve these payments.

Concerning the September, 1971, request from Colson for reimbursement of Hunt's expenses, Huntsman said he has no recollection of this item or any information about the particulars of the request or how these expenses were incurred. He did not know who the three men were who used the Los Angeles hotel as indicated in the request. He said he has never met Hunt and knows nothing about Hunt's duties while Hunt was employed by the White House. He has no knowledge about any investigation conducted on behalf of the White House into the Pentagon Papers case nor any information about the alleged burglary of the office of Ellsberg's psychiatrist by Hunt and G. Gordon Liddy during the course of that investigation.

ELLSBERG CAS

As far as Liddy is concerned, Huntsman said he could not recall Liddy's name ever coming to his attention as a member of the White House staff.

In conclusion, Huntsman noted he had no responsibility to determine the consultants' roles and no responsibility in policy or operational matters at the White House.

Regarding efforts to interview David Young, [REDACTED] WFO, advised at 1:40 p.m., 5/5/73 that Anthony A. Laphan Young's newly retained attorney, was contacted 5/5/73 in an attempt to locate Young. Laphan said he has not had sufficient opportunity to study position of Young in Pentagon Papers matter or to fully research recent White House guidelines regarding executive privilege. Until this has been accomplished, he does not desire to subject his client to an interview by the FBI. He requested he be contacted the first part of the week of 5/7/73 for a final decision as to availability of Young for interview.

.Recommend this information be furnished the Acting Director.

Attached is a proposed reply to the President's letter received 7/30/71 in which he requested the Director to send to Mr. Egil Krogh of the White House all information acquired to date, including interview reports, regarding 16 individuals involved in the leak of classified sensitive Government information, as well as a comprehensive background paper on Daniel Ellsberg, principal suspect in the leak of the "McNamara Report."

To comply with the President's request requires extensive review of a considerable amount of material we have developed since we entered this case 6/15/71 and we are working over this weekend to compile the necessary information. Immediately upon receipt of the President's letter, we instructed Boston, New York and Washington Field Offices to hand deliver interview reports and the very latest material on developments required to comply with the President's request. This has all been received over night.

We have had little or no information on six of these 16 individuals on whom we have been requested to compile data; therefore, Washington Field Office Agents were instructed to go to the Department of Defense last evening and find out how they tie into this case. In this connection, it is noted that the list of 16 individuals obviously was compiled at the White House based on names furnished by the Department of Defense. It is our intention to put everything we can into the letter to be sent to Mr. Krogh under date of Tuesday, 8/3/71. Meanwhile, we will institute investigation regarding those individuals on whom we have little or no information, looking toward their early interviews and the results will be forwarded to Mr. Krogh as soon as possible.

In this connection, the President by letter to the Director received 7/30/71 requested that this information be furnished to Mr. Krogh, whom he had directed to examine in depth circumstances of the many recent disclosures of Top Secret and other sensitive material. Letter to Mr. Krogh with material we have compiled is attached.

Information which we have included regarding Ellsberg relates not only to his background and apparent connections with the disclosure of the "McNamara Study" but also to public admissions of his connections with this disclosure and his change of attitude toward the Vietnam war from one of support to one of active opposition.

With regard to the 16 other individuals on whom we have compiled data for Mr. Krogh, we have noted that five of them have been interviewed during the Ellsberg investigation and the actual reports of interviews have been included as a part of the memoranda compiled. This is in compliance with the specific request of the President. With respect to the sixth individual, [REDACTED], we have noted that we endeavored to interview him 7/21/71 but he declined in the absence of specific clearance from the Deputy Attorney General. We called this to the attention of the Attorney General in the past, advising we would make no further efforts to talk to [REDACTED] at this time.

In view of White House interest in this matter, in our cover communication to Mr. Krogh we are advising that if he concurs we will proceed with interviews of the 10 remaining individuals whom we have not yet interviewed. This, of course, does not include interview with Ellsberg at this time.

1 AUG 5 1971

Since the President has designated Mr. Krogh to examine this matter in depth, Mr. Krogh may well be in touch with the Attorney General and, accordingly we feel we should send to Attorney General as well as his Deputy and Assistant Attorney General, Internal Security Division, copies of the material we have compiled for Mr. Krogh.

At request of Acting Director the following is an analysis, item by item, of affidavit submitted by Egil Krogh, Jr., on 5/4/73 and presented to Department of Justice for submission to U. S. District Court, Los Angeles, California. Affidavit concerned alleged burglary of the office of Daniel Ellsberg's psychiatrist.

Items one through five have to do with Krogh's citizenship, residence, current employment with the U. S. Government, and prior assignment by President Nixon to begin a special national security project to coordinate Government efforts to ascertain the causes, sources, and ramifications of the unauthorized disclosure of the "Pentagon Papers" and that Mr. David Young was assigned to assist in this project. There is no information in Bureau files to indicate that these statements by Krogh are inaccurate.

With regard to it

In connection with the Ellsberg investigation, [redacted] was interviewed by the Special Agent in Charge of the Espionage Division, New York Office, on 6/23/71. [redacted] was completely cooperative and made extremely cordial comments concerning former Director Hoover. He advised he had not seen Ellsberg since September, 1970, [redacted]

[redacted] advised he considered Ellsberg guilty of "stealing and embezzling," and disapproved of the manner in which Ellsberg had apparently released Government documents. No dissemination of the results of the interview of [redacted] was made with the approval of former Director Hoover.

With regard to the above-mentioned interview of [redacted] a memorandum requesting authorization for this interview was forwarded to former Director Hoover who did not

approve the interview. The former Director's instructions were misinterpreted by former Assistant Director C. D. Brennan. Attached is copy of Mr. Brennan's memorandum of explanation dated 6/24/71.

With regard to item seven, subsequent to the initiation of investigation in the Ellsberg case, President Nixon directed a letter dated 7/29/71 advising he had directed Egil Krogh to examine in depth the circumstances of the many recent disclosures of Top Secret and other sensitive material to the public. Attached to the President's letter were the names of 17 individuals, all of whom had previously been connected with the U. S. Government. To assist Mr. Krogh in his assigned project, the President requested all information acquired as of the date of his letter with respect to the 17 persons, including interviews. The President also requested a comprehensive background paper on Daniel Ellsberg be furnished to Krogh as well as such further information or investigation as Krogh might request in the future. The President requested that Mr. Krogh be kept up to date on the results of the FBI's continuing investigation of the Ellsberg case. By letter dated 8/2/71 the President was advised that his letter of 7/29/71 had been received and that the information was being compiled and would be expeditiously furnished to Krogh.

(Attached are copies of the President's letter, the letter to the President, a cover memorandum dated 7/31/71 regarding the letter to the President and the President's request, and a memorandum dated 8/2/71 relative to the transmittal of the requested material to Krogh.)

With regard to items 8 through 14, Bureau files do not set forth any information indicating the statements by Krogh to be inaccurate.

With regard to items 16 through 25, Bureau files do not set forth any information indicating the statements by Krogh to be inaccurate. (With regard to item 21, see addendum.)

Memorandum to Mr. W. Mark Felt
Re: U. S. vs. Anthony J. Russo, Jr.,

With regard to item 26, recent interviews of John D. Ehrlichman failed to obtain any admissions by Ehrlichman that he generally authorized the so-called "special unit" to engage in covert activity to obtain a psychological history or ascertain the associates of Ellsberg.

With regard to items 27 through 29, Bureau files do not set forth any information indicating the statements by Krogh to be inaccurate.

With regard to item 30, a letter has been sent to the Assistant Attorney General, Criminal Division, requesting that the FBI be advised if investigation is desired looking toward the identification of those individuals connected with the Central Intelligence Agency (CIA) who lent support to the alleged activities of Liddy and Hunt as well as the extent of the support rendered. In addition, we requested to be advised if investigation was desired relative to the identification of and subsequent interview of the person or persons in the Department of Justice who apparently received films and a camera, belonging to CIA, used in connection with the alleged burglary.

With regard to items 31 through 34, Bureau files do not set forth any information indicating the statements by Krogh to be inaccurate.

With regard to item 35, the identification of the unknown intermediary may be accomplished if and when we are able to interview Charles Colson. Items 36 and 37 may also be verified and additional details obtained from Colson.

With regard to item 38, WFO and Miami have been instructed to interview Felipe Dadiego, Eugenio Orlando Martinez, and Bernard L. Barker who are believed to have been the individuals recruited by Hunt to perpetrate the burglary.

With regard to items 39 through 53, Bureau files do not set forth any information indicating the statements by Krogh to be inaccurate.

RUSSO, JR., AND DANIEL ELLSBERG

The following information is provided relative to the question concerning the method by which FBI files regarding this matter were made available to the White House.

At no time were files of the FBI made available to the White House in this case.

As a result of a telephonic request to former Director J. Edgar Hoover from Mr. H.R. Haldeman, former Assistant to the President, on July 6, 1971, a summary of the investigation up to that date was provided to Mr. Haldeman in the form of a letter dated July 6, 1971. Thereafter, on a weekly basis, Mr. Haldeman was provided with a summary of the investigation and interviews conducted during the preceding week. Copies of each of these weekly summaries were furnished to the Attorney General, the Deputy Attorney General and the Assistant Attorney General of the then Internal Security Division. Mr. Egil Krogh, Jr., then Deputy Assistant to the President for Domestic Affairs, began receiving copies of this same weekly summary commencing with the summary dated August 9, 1971. These summaries were provided Mr. Krogh based on a request from the President in a letter to Mr. Hoover dated July 29, 1971, to keep Mr. Krogh up to date regarding the results of the continuing FBI investigation. The above individuals continued receiving this material through February 16, 1972, at which time the weekly summary was discontinued.

In addition, on August 13, 1971, a teletype was sent to the White House to the attention of Mr. Krogh reporting information in this matter. A copy of this teletype was provided the Attorney General.

The aforementioned letter from the President dated July 29, 1971, also requested that as soon as possible Mr. Krogh be provided with all information acquired to that date concerning the investigation, including individual reports
